

ANTWAN 'ANT' BANK\$

Millions travel to the City of Angel's every year in search of that one shot at stardom. But most fail and find themselves caught in the underbelly with the homeless, the drug attics, prostitutes, thieves and murders.

Candy and Joe unfortunately are no different than most and end up living in a different hotel every other night; doing whatever needs to be done just to survive.

The Cover is so hot I had to download the ebook. For \$1.99 I had nothing to lose then I read it and was pleasantly surprised. I didn't want it to end. Good Short!

-Mandy, Los Angeles, CA.

This story is a very familiar one, it's so sad how many Hollywood dreams end up this way. But when you have to eat, you do whatever you have to, to survive.

-David; New York, NY.

Crazy couple; that Candy and Joe but not too far fetch from reality. I'm sure many wanna be movie stars can relate to this one.

-Rochelle, Detroit, MI.

Boy this ANTWAN BANK\$ never stops writing; I love your work, keep it up! This one was kind of too real. I have a few friends that ended up the same way Candy did.

-Barbara; Atlanta, GA.

Great short! The ending surprised the Hell out of me!

-Mike; Cleveland, OH.
